

Briefing on Passenger Amenities Contract

Planning & Capital Programs Committee

January 11, 2022

Jennifer Jones, Sr. Manager, Amenities

Amenity Goals and Statistics

- Amenities at bus stops provide the following benefits:
 - Provide passenger convenience
 - Encourage new riders to utilize the system
 - Supports 5-Star Service Program
- On-street statistics:
 - Shelters: 1,289
 - Benches: 1,542
 - Free-Standing Lights: 184
 - Smart Shelters: 3

DART's Current On-Street Amenity Contract

- In December 2018, a three-year amenities contract was awarded to Tolar Manufacturing Company in the amount not to exceed \$4,028,620
- It allows for the purchase and installation of shelters, free-standing lights and smart shelters
- This contract concluded on December 12, 2021
- Prior to its conclusion, a task order was issued which will allow for continued installation of amenities until new contract awarded

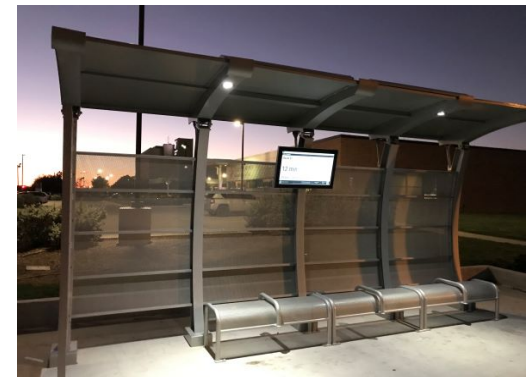

Proposed On-Street Amenities Contract

- The next three-year contract will allow DART to continue installing amenities at stops that meet the 2021 Service Standards policy
- Specifically, under the new contract, approximately 100 bus shelters and 100 free-standing solar-powered lights will be purchased and installed
- Upon implementation of DARTzoom, approximately 200 shelters will be discontinued and will be reinstalled under the new contract
- Redeployment of the 200 shelters will begin in March 2022

Proposed On-Street Amenities Contract (cont.)

- Reinstallation of the shelters will require construction of an amenity pad. Pads will be constructed as part of the Miscellaneous Construction contract
- It is anticipated that it will take approximately a year to redeploy the shelters
- The new contract has provisions for purchasing metal benches, the next generation of innovative shelters and technology equipment

Next Generation Shelter
